ACS Fundamentals  
of Surgery  
CURRICULUM™

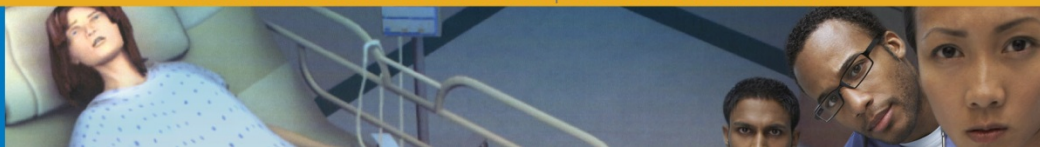

AMERICAN COLLEGE OF SURGEONS  
*Inspiring Quality:  
Highest Standards, Better Outcomes*

The resident's day does not begin with goals and objectives; it begins with experience and reflection on experience. One definition of **competence** is the demonstrated habit of **reflective practice**.

Needed is an **interactive, professional development tool** that can support individual residents as they have a **variety of educational experiences** and reflect on them.

## ACGME ANNUAL REPORT 2007
