Dear Dorothy,

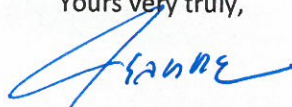

Thank you for your fundraising efforts in support of Breast Cancer Prevention Partners! BCPP is fortunate to have you as part of our community. Without supporters like you our work simply wouldn't be possible.

We are the nation's leading science and advocacy organization working to prevent breast cancer by eliminating our exposure to toxic chemicals and radiation linked to the disease. At BCPP we translate the science on the environmental causes of breast cancer into practical actions people can take to reduce their risk. Together we raise our voices to call on policy makers and companies to protect us from toxic exposures.

Your investment in BCPP's work helps us build a healthier, less toxic world to protect not only women, but all of us, our future generations, and our planet. Thank you for your generosity and commitment to breast cancer prevention.

Together, we *can* prevent breast cancer!

Yours very truly,

Jeanne Rizzo, R.N.  
President and CEO
